

Integrated Solutions for the
Primary Metals
Industry

ENPRO
INC.

>>> *A Relentless Ally for American Manufacturing*

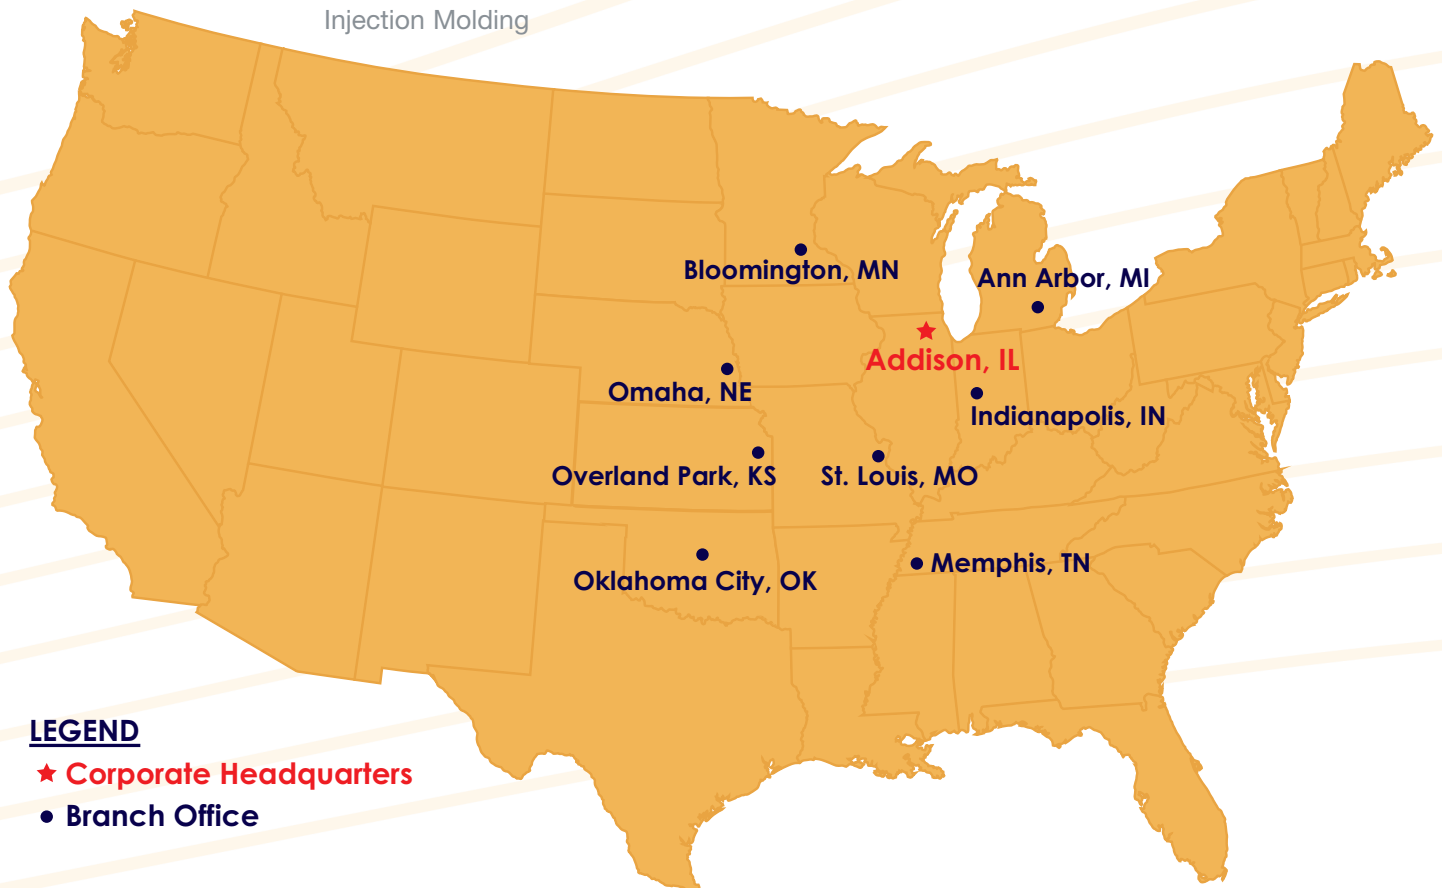

about us

ENPRO, INC. has been in the business of helping our customers solve their process problems for over 55 years. Our technically trained application engineers have expertise in diverse markets to meet the ever-changing business needs of our customers.

By representing leading manufacturers in separation technologies, instrumentation and process equipment, we are committed to providing our customers with innovative tailor-made solutions for their applications.

We combine the strength of our experience with the knowledge of our technologies to help our customers optimize their processes. ENPRO is the premier manufacturer's representative/distributor in each of the following markets:

Alternate Fuels	Microelectronics
BioPharmaceutical	Mining
Cement	Power Generation
Die Casting	Primary Metals
Food & Beverage	Printing
Fuels & Chemicals	Pulp & Paper
Grain Processing	Refining
Industrial Manufacturing	
Injection Molding	

LEGEND

- ★ Corporate Headquarters
- Branch Office

primary metals

For over 55 years, ENPRO has been serving the Primary Metals industry.

COMPETENCE

ENPRO's sales and service personnel have a wealth of experience and knowledge. They complete a rigorous training program to ensure that our customers receive a full service solution. Our sales engineers are hands-on and are available at any time to offer maintenance or technical support.

TECHNOLOGY

Our sales engineers regularly share with our customers the latest advancements in technology. This approach allows our customers to evaluate a variety of options and determine the best solution for their processes.

PRODUCT RANGE

ENPRO represents manufacturers that have extensive experience in the Primary Metals market. The engineered products we represent are designed to assist our customers with their diverse applications.

ENPRO's field and service center teams are available 24/7 to repair and maintain equipment for our customers.

EMERGENCY SERVICE AND PREVENTATIVE MAINTENANCE CAPABILITIES INCLUDE:

- > Air Operated Diaphragm Pumps
- > Chemical Metering Pumps
- > Chemineer Mechanical Seals
- > Compressed Air Dryers
- > Gearboxes
- > Heat Exchangers
- > Oil Purification Equipment
- > Protectoseal Tank Blanketing Valves

24/7 Service

our products

ENGINEERED SYSTEMS

Custom Engineered Systems

- Chemical feed systems
- Control panels

AMIAD, ARKAL AND PEP FILTRATION SYSTEMS

Media, Manual and Automated Self-Cleaning Filtration Systems

- Cooling tower bypass
- Prefiltration for RO systems

PLANT FILTRATION SYSTEMS

Manual and Automated Self-Cleaning Strainers/Filtration Systems

- Pump seal protection
- Well water filtration

PUREFLEX, HILLS-MCCANNA, AND CONLEY COMPOSITES

Fiberglass and PVDF Lined Steel Pipe, Valves and Hose Assemblies

- Pickle liquor
- Sodium hypochlorite
- Acid and caustic

HEAT EXCHANGERS

Gasketed Plate and Frame Heat Exchangers and Systems

- Oil cooling
- Process fluid heating

UV TECHNOLOGIES

Industrial Grade UV Systems

- Pre RO dechlorination
- Chemical free disinfection
- MIC control

RECONDITIONING SERVICES

Spray Header and System Refurbishment

- Roll cooling
- Hose and control cabinets

NON INTRUSIVE METERS

Portable and Permanent Non-Invasive Meters for Liquids and Gases

- Flow
- BTU
- Concentration/Density
- Mass flow

HIGH ACCURACY FLOW METERS

Flow Measurement Solutions for Liquids and Gases

- Turbine
- Positive displacement
- Ultrasonic
- MagMeters

VALTEK CONTROL VALVES

Globe and Rotary Control Valves, Positioners and Accessories

- Process and utility control valves
- Cooling water control
- Hydraulic throttling and control

KAMMER CONTROL VALVES

Severe Service Globe Valves

- Feedwater pump bypass and recirculation
- Feedwater regulation

SPRAY NOZZLES

Flat Fan, Full Cone, Air Mist, Hollow Cone, Solid Stream and Air Blow Off Nozzles

- Gas cleaning/cooling
- Roll cooling sprays
- Strip temperature control

DESCALING HEADER DESIGNS

Descale Headers and Systems

- Bar mills
- Hot strip mills
- Plate mills

STRAINERS, VALVES AND PIPELINE ACCESSORIES

Simplex and Duplex Basket and Custom Fabricated Strainers

- Pump and meter protection
- Cooling water purification
- Heat exchanger and condenser protection

INSTRUMENTATION

Process pH Solutions for Monitoring and Control

- Absolute and differential pH
- Conductivity
- ORP and dissolved oxygen
- Holders
- Transmitters
- Portable meters

CHEMINEER AND PROCHEM TOP AND SIDE ENTRY AGITATORS

Top and Side Entry Agitators Available in 13 Standard Drive Sizes from 1 to 1,000 HP

- Wastewater processing
- Rolling solutions
- Chemical mixing

KENICS STATIC MIXERS

Static Mixers for Liquids and Gases

- Chemical blending
- Dispersions

HYDRAULIC AND LUBRICATION FILTERS

Disposable, Spin-On and Cleanable Hydraulic and Lube Oil Filter Elements

- Compressor lube oil and coolant filtration
- Directional/Proportional/Servo valve protection
- Bearing wear protection
- Hydraulic pump protection

Pall Corporation

PURIFIERS

Vacuum Dehydration Technology Designed to Remove Free and Dissolved Water from Hydraulic and Lubrication Oils

- Compressor lube oil purification
- Hydraulic and lube oil reservoir purification

PORTABLE AND STATIONARY FILTER CARTS

Off-Line Low Pressure Continuous Flow Filtration Systems

- Lube and hydraulic oil reservoir filtration
- Reservoir kidney loop filtration
- New oil filtration prior to use

SINGLE AND DOUBLE BLADED SLIDE GATES AND SYSTEMS

Material Shutoff, Diverting and Regulating Valves

- Pneumatic conveying material flow control
- Metering of material onto belt conveyors
- Hopper or bin loading shut off

VAPOR CONTROL AND TANK SAFETY EQUIPMENT

Conservation Pressure/Vacuum Breather Vents, Emergency Vents, Flame Arresters, Detonation Arresters and Tank Blanketing Valves

- Storage tank pressure and vacuum breather vents
- Flame and detonation arresters
- Gas blanketing

Service Center

PULSA, PULSAR AND PULSAPRO SERIES® DIAPHRAGM METERING PUMPS

Metering Pumps Available with Different Pump Head Designs, Materials of Construction, Flow Rates and Pressures

- Water and wastewater pH control
- Polymer feed injection
- Degreasing agent addition
- Colorant addition

PULSATRON ELECTRONIC METERING PUMPS

Solenoid Metering Pumps with Flow Capacities from 3 to 500 GPD, with Manual or Automatic Controls

- Boiler treatment
- Cooling tower chemical metering
- Wastewater pH adjustment

ECLIPSE® SERIES METALLIC AND NON-METALLIC GEAR PUMPS

Magnetic Drive Industrial Duty Sealless Pumps

- Acid transfer
- Water treatment chemical addition
- Viscous fluid and/or slurry addition

SPXFLOW

➤ Pneumatic Products

➤ Hankison

➤ Kemp

Service Center

HEATED, HEATLESS AND REFRIGERATED AIR DRYERS

Compressed Air Purification and Specialty Gas Dryers

- Instrument air
- Tank blanketing
- Breathing air
- Bag house blowback dryers
- Plant air

GAS AND LIQUID ANALYZERS

Portable, Panel Mount or Custom Built Analyzer Systems

- Portable and on-line emissions monitoring
- Flue gas
- Oil in water
- Area monitoring

PRESSURE CONTROL SOLUTIONS

Pressure Reducing and Back Pressure Manual and Electronically Controlled Regulators

- Double mechanical seal barrier fluid
- Hydraulic manifolds
- Analyzer sampling systems

CORIOLIS MASS FLOWMETERS

Industrial and Sanitary Coriolis Mass Flowmeters

- Batch flow control for tank load out
- Precise material or chemical addition/blending
- Specific gravity measurement

PRESSURE MEASUREMENT

Liquid and Gas Pressure Measurement

- Process, hydrostatic and differential pressure measurement
- Abrasive and corrosive applications

NON-CONTACT CONTINUOUS LEVEL MEASUREMENT

Liquid and Solid Level Measurement Technology

- Storage tank level
- Sump level
- Dry bulk storage
- Surge bin level

POINT LEVEL MEASUREMENT

Vibrating and Capacitance Probe Technologies for Liquids and Solids

- Non-Contact high and low point level
- Dry and liquid high and low point level
- Pump run dry protection
- Plug chute detection

NUCLEAR CONTINUOUS LEVEL, POINT LEVEL AND DENSITY MEASUREMENT

Radiation-Based Level and Density Detection

- Plug chute detection
- Non-invasive continuous level applications
