

# Solutions For Water & Wastewater

Enpro provides water and wastewater instrumentation solutions and service for level, pressure, flow, liquid analytics, custom automation, and control systems.

## Level Measurement

- Through-Air Radar
- Ultrasonic
- Differential Pressure
- Guided Wave Radar
- Point Level

## Lift Stations & Wet Wells

- Level Measurement - Radar Solutions
- Liquid Analytics
- Controls
- Rotating Cleaning Machines

## PLC/Integration

- PLC Programming
- Custom Control Panels
- Integration

## Pumps & Pressure Solutions

- Solenoid Pumps
- A.O.D.D.
- Metering Pumps
- Line Pressure
- Differential Pressure
- Hydrostatic

## Analytical

- Chemical Tanks
- Level Measurement
- PH
- ORP
- DO
- Conductivity

## Flow Measurement

- General Flow Measurement
- Custody Transfer
- Magnetic Flow

## Digesters

- Level Measurement - Radar Solutions
- Liquid Analytics

## Valves

- Control Valves
- On/Off Valves
- Actuators
- Valve Assemblies

Enpro is your relentless ally - available with on-site sales and service technicians, 24 hours a day, 7 days a week. Visit us at [enproinc.com](http://enproinc.com) for more information.
